Quality Policy

Alperton Engineering Limited, based in Dublin – Ireland, is engaged in the sale, procurement, stock management, distribution, specialist technical support & in-house “cut-to-size” service of semi-finished standard, engineering, high performance and medical grade plastic stock shapes for the Irish and International markets.

Our mission is to provide products and services of the highest quality and deploy our technical expertise, bridging the technological advances of our products to our customers. Alperton works to achieve continual improvement through leadership and good partnership with all its stakeholders, and employee development.

Alperton Engineering Limited is dedicated to conforming to customers expectations, whilst fulfilling the requirements of the ISO 9001:2015 standard through its commitment to:

- Consistently provide services that exceed our customer’s expectations
- Understand all aspects of the service and requirements of the orders
- Work to continually improve our processes
- Comply with applicable legal and statutory obligations

To perform each function, we endeavour to continuously and proactively manage and improve our processes by maintaining a Quality Management System* that complies with the requirements of ISO 9001:2015, as well as other specific standards related to our business.

John Moran
Managing Director

*The Quality Objectives, which relate to this policy, can be found in our Planning to Achieve Quality document. This policy is reviewed annually and is available to all interested parties on our Website and Reception.
